

PROPERTY 3D SCANNING

POWERED BY
matterport[®]

Selling property can be slow, expensive and stressful. This can be reduced by having a 3D scan of the property:

- Clients can walk through the house in their own time which produces quality viewings
- The images can be viewed on a PC, tablet, smart phone and even in VR
- Schematic floor plans are automatically generated, no need to measure and hand draw anymore
- 2D images are taken from the scan whilst processing, so no need for a 'normal' photographer
- Fast turnaround : normally within 24 hours
- Used for residential, commercial and business property
- Proven technology: over 1 million scans completed!

**Scans start from
only £175**
